Commissioner for Patents

The amendment filed on 09/20/2010 changing the examined claims such that they are now drawn to a non-elected invention is non-responsive (MPEP § 821.03). These amended claims are not readable on the elected invention because they are now drawn to a method of using an autologous culture medium which belongs with the withdrawn claims of Group III restricted 02/28/2008. The elected invention was drawn to an autologous culture medium composition (Group I).

Since the above-mentioned amendment appears to be a bona fide attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
